Subject: AHCA Answer-Telemedicine by telephone

Medicaid Contacts:

AHCA has responded to question about billing for therapy and behavioral services by telephone (without video).

From AHCA:

“During the novel COVID-19 public health emergency, the Agency is allowing enrolled school districts and private/charter schools flexibility to deliver therapy and behavioral health services via telemedicine. However, these services must be delivered in accordance with [Rule 59G-1.057, Florida Administrative Code](#), which does not allow for delivery via telephone.”
