We are pleased to announce that the Technical Assistance Paper (TAP), "The Use of Part Scores with Tests of Intelligence," is now available. This TAP supports the mission of the Florida Department of Education to improve student rates of learning and provides school and school district personnel with information essential to the use of part or index scores with tests of intelligence. We hope you find the attached information helpful. Additional copies of the TAP may be downloaded at <http://www.firn.edu/doe/commhome/tap-home.htm>.

If you have questions or need additional information, please contact Denise Bishop.
