

## RMTS Impact/School Closures

Jackson, Antraneise <Antraneise.Jackson@ahca.myflorida.com>

Tue 3/17/2020 5:24 PM

Good Afternoon,

The Agency has received several questions regarding random moment time sampling (RMTS) and school closures due to COVID-19. The Agency is documenting all timeframes of district school closures as it relates to COVID-19 and does not expect districts to submit forms during school closures. Based on questions received, below is guidance to help mitigate any further questions from your respective districts.

- During school closures any RMTS during these periods should be coded as either a 12: General Administration (paid leave) or a 13: Not Scheduled to Work (unpaid leave). The Agency is aware that care planning/coordination will likely not be happening during this time.
- The 7 “working” days will resume once the schools are re-opened. For any moments that were assigned before the 7 day timeframe expired (i.e., school closed on March 16<sup>th</sup> and sample was assigned on March 5<sup>th</sup> or later), they will be completed to the best of their ability as soon as school resumes.

The Agency appreciates your reaching out to us regarding COVID-19 as it is a very fluid situation and is evolving daily. If you have additional questions please feel free to contact myself or Logan Harrison at [Logan.Harrison@ahca.myflorida.com](mailto:Logan.Harrison@ahca.myflorida.com).

Thank you,
