Fri 7/24/2020 11:00 AM

The Agency has recently received some questions regarding school district Federal Medical Assistance Percentages (FMAP) rate and the increase per the Families First Coronavirus Recovery Act. The Agency for Health Care Administration (Agency) has prepared the following response.

The new FMAP is 67.67% for the Federal component, which is a 6.2% increase from the previous FMAP rate of 61.47%. The 6.2% FMAP increase was effective January 01, 2020 and will continue until the end of the quarter when the public health emergency has been discontinued. The FMAP percentage rate update is applicable to school districts that provide services in accordance with the Agency's coverage policy. This was updated in the Agency's billing system (FLMMIS). If any school districts have claims that do not reflect this updated percentage during this timeframe, please submit an adjustment or a void to correct the payment. For assistance with Fee-For-Service claims contact Florida Medicaid Recipient and Provider Assistance at 1-877-254-1055.
